

**GRUPO ELEKTRA ANNOUNCES EARLY AMORTIZATION  
OF CERTIFICADOS BURSÁTILES FIDUCIARIOS FOR Ps.2,030 MILLION**

**—Grupo Elektra’s outstanding financial results  
allow to further strengthening the company’s solid capital structure—**

**Mexico City, June 16, 2021—Grupo Elektra, S.A.B. de C.V. (BMV: ELEKTRA\*; Latibex: XEKT)**, Latin America’s leading specialty retailer and financial services company, and the largest non-bank provider of cash advance services in the United States, today announced that it early amortized *Certificados Bursátiles Fiduciarios* for Ps.2,030 million.

The amount corresponds to the outstanding balance of the DINEXCB 16 issues — for Ps.1,350 million due 2023 with a rate of TIIE + 2.8% — and DINEXCB 16-2 for Ps.680 million, due 2026 and a fixed rate of 8.8%. The voluntary total early amortization was done at fair market value, equivalent to Ps.1,355 million and Ps.686 million, respectively, plus interests accrued up to the amortization date.

“Grupo Elektra’s outstanding financial results translate into the generation of excess resources that allow for reductions in the company’s debt balances prior to maturity; which further strengthen Grupo Elektra’s solid capital structure and effectively reduce financial expenses,” commented Esteban Galíndez, Finance Director in Grupo Salinas. “We anticipate, the superior results will also translate into more favorable financing terms for the company into the future, in the context of growing demand, in domestic and global markets, for Grupo Elektra’s debt issuances”.

During the first quarter of 2021, the company’s consolidated revenue, EBITDA and operating profit continued their solid dynamism, and performance indicators of both the commercial and financial businesses showed the operational and financial strength of Grupo Elektra.
